

bag bling

materials

- antique silver key chain with swivel clasp
- assorted antique silver chains
- assorted beads in pink, purple, blue and green
- antique silver bead caps
- antique silver fleur de lis charm
- antique silver head pins
- antique silver jump rings
- round nosed pliers
- wire cutting pliers

step 1

Attach the antique silver fleur de lis to the bottom of the key chain with a jump ring.

step 2

Cut 2cm lengths of the different open link chains. Thread an antique silver bead cap, a bead, and another bead cap onto a head pin. Finish at the top of the head pin by creating a loop in the tip of the pin using the round nosed pliers. Attach the loop to the chain.

step 3

Attach the chains onto the key chain so that the smaller beads hang at the top of the key chain and gradually get bigger at the bottom of the chain. Now you can attach the key chain to your bag.
