

castle album

materials

- Kaisercraft fairy castle album
- paint – white
- palette & paint brush
- scrapbook papers
- green gemstones
- Jones tones foil glue
- Jones tones foils
- green album rings
- ribbons in co-ordinating colours
- scissors
- glue

step 1

Paint the edges of all of the pages white and leave to dry.

step 2

Trace around each page of the album onto different coloured scrapbook paper – pink for page one, blue for page 2, green for page 3 and mauve for page 4. Cut around the shapes of each page and glue onto the pages.

step 3

Draw tiles onto the turret roofs of the castle with the Jones Tones foil glue and leave to dry. Lay a sheet of Jones Tones foil in the colour of your choice over the dry foil glue and rub firmly in place with the tip of your

finger. Pull the foil sheet away from the tiles leaving foil attached to the glue. Attach the album pages together using the green rings. Decorate the album with gemstones and tie small lengths of ribbon to the rings.
